

Christians Against Poverty Whitehaven - April Update

News: The Fareshare scheme that we have used to benefit our clients for several years, was supplying less and less food and more often things that couldn't be used so we took the decision to stop. Our current clients have been transferred to support from the Phoenix Centre and we have donated our remaining funds to that.

Huge thanks to everyone who has given to support the Fareshare work over the last years and to the volunteers who faithfully sorted, packed and delivered the food each Tuesday.

Prayers: Please pray for new clients. Whilst it's a great relief to find us and know there is a solution to their debt, it can be daunting to collect together all the paperwork.

Our next prayer meeting is on 8th May by Zoom.
